IN RE: Application of South Carolina Electric)	ORDER
& Gas Company for Approval of Industrial)	APPROVING
Power Service Real Time Pricing)	TARIFF
(Experimental).)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the December 19, 1994 request of South Carolina Electric & Gas Company (SCE&G or the Company) for approval of Industrial Power Service Real Time Pricing (Experimental).

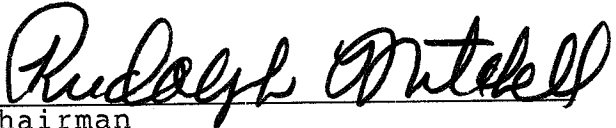

The Company has asked this Commission to approve an experimental tariff which would make available real time pricing to certain industrial customers of the Company. The tariff would be available on a voluntary basis to ten (10) customers selected by the Company who meet certain criteria. The baseline charges for each customer are calculated using the current version of the customer's otherwise applicable tariff and the Baseline Billing determinants. The other charges are billed using various criteria as set forth by the Company. The Company states its belief that the tariffs approval will be in the best interest of the public in that it offers real time pricing as an option to certain selected industrial customers.

South Carolina Code Annotated Section 58-27-870(F) states that a tariff may be approved without notice and hearing, if it does not require a determination of the entire rate structure nor overall rate of return, if it does not result in any rate increase to the utility, or if it is intended for experimental purposes. The Commission believes that all of these criteria have been met in the present case, and that the Commission may approve the tariff without notice and hearing.

Upon consideration of the entire record and the material submitted by the Company, the Commission believes that the Industrial Power Service Real Time Pricing (Experimental) Tariff is in the public interest and should be approved. The Company shall submit ten (10) copies of the approved tariff to the Commission within ten (10) days of the Company's receipt of this Order.

This Order shall remain in full force and effect until further Order of the Commission.
